The 10000 (10K) Sleeper Mechanism

Hospitality & Residential Use

Fall Away Bar

Enjoy the perfect night's sleep with the Hickory Springs OverNighter 10000 sleeper unit. The 10K sleeper is built for continued heavy use and offers maximum support. The fall away bar and deep cavity design allows for sleeper mattresses up to 6" and eliminates the traditional "bar in the back" feeling.

- Manufactured in the USA
- Designed for strength and performance
- Fall-away bar eliminates the shoulder tube and mid-back discomfort.
- Mounts in a standard deep cavity sofa frame
- Dual locking "TV" headrest position (residential only.)
- Aesthetically appealing baked-on dark charcoal enamel
- Tilt forward feature allows for easy cleaning
- Deep cavity design allows for 6" mattress
- Double BedSecure™ Safety Feature keeps unit stationary and the legs secure for support.
- Dual mattress retainers to securely hold mattress into place.
- Soft-Lock closure

Width 10000 OverNighter™ Series

68"	Mattress Thickness: up to 6", 72" long
60"	Mechanism Type: deep cavity
55"	Minimum Front Rail Height: 12 1/2"
48"	Inside Depth: 32" min.
44"	Decking: nylon
40"	

The 1000 (1K) Sleeper Mechanism

Hospitality & Residential Use

Fall Away Bar

Designed with similar capabilities of the 10K, the 1K is geared more toward high end residential customers. Built to fit in a standard cavity, the 1K allows for 5" mattresses and eliminates the 'bar in the back', all while fitting in a standard sofa cavity.

- Manufactured in the USA
- Designed for strength and performance
- Fall-away bar eliminates the shoulder tube and mid-back discomfort.
- Mounts in a standard cavity sofa frame
- Dual locking "TV" headrest position (residential only)
- Aesthetically appealing baked-on dark charcoal enamel
- Tilt forward feature allows for easy cleaning
- Standard cavity design allows for 5" mattress
- Double BedSecure™ Safety Feature keeps unit stationary and the legs secure for support
- Dual mattress retainers to securely hold mattress into place
- Soft Lock closure

Width	1000 Overnighter™ Series
