

TRADITION, INNOVATION - PERFORMANCE

Residential/Hospitality Use

Soft-Lock Feature - allows for easy opening and closing — deep cavity accommodates a 6" x 72" mattress

Tilt-forward feature - allows for easy cleaning underneath

Double BedSecure™ Safety Feature – prevents sleeper from tilting in the open position.

Below-Surface Linkage – reduce mechanism interference with clothing and bedding.

Dual Galvanized Mattress Retainers – secures bedding to mattress.

Supportive Tubing - heavy gauge 1-1/8" diameter tubing at head and foot provides dependable support and one-piece angled legs improves stability. (.056" / .071" at head; .066" / .080 at foot center legs.)

Dark charcoal, baked-on enamel finish - provides a more aesthetic appearance and coordinates with any fabric or leather color.

Plastic Guides - guides on legs provide floor protection from scratching and scuffing.

Support - additional support is provided by cross wires in seat section.

Double Crossmember Tubes - located in the shoulder section provides for a stronger frame.

12 Gauge Helicals - eliminate stretched helicals common in contract environment around perimeter.
